

Lviv Polytechnic National University  
Lublin University of Technology

**Technological and design aspects of extrusion  
and injection moulding of thermoplastic  
polymer composites and nanocomposites**

**Volume V**

**Monography**

**edited by**

Prof. **Janusz W. Sikora** Ph.D., D.Sc.  
Lublin University of Technology

Prof. **Oleh Suberlyak** Ph.D., D.Sc.  
LvivPolytechnic National University

Lviv  
Lviv Polytechnic Publishing House  
2017

Національний університет “Львівська політехніка” (Україна)  
Люблінський технологічний університет (Польща)

**Технологічні і конструкторські аспекти екструзії  
та лиття під тиском термопластичних  
полімерних композитів і нанокompозитів**

**Частина V**

**Монографія**

За редакцією проф. Януша В. Сікори,  
проф. Олега В. Суберляка

Львів  
Видавництво Львівської політехніки

## TABLE OF CONTENT

1. <i>Gajdoš I., Spišák E., Greškovič F., Jachowicz T.</i> : Tolerances of injection molded parts and Evaluation in CAQC SOFTWARE...	7
2. <i>Dulebová L., Sikora J-W.</i> : Verification of the capability of the plastic moulded piece production process.....	19
3. <i>Rudawska A., Dulebová L.</i> : Selected issues of polymer composite technology and tensile strength.....	32
4. <i>Głogowska K., Majewski Ł.</i> : Modification of polyolefines with organic fillers.....	47
5. <i>Majewski Ł., Głogowska K.</i> : The effect of addition of untreated neuburg siliceous earth on the selected properties of injection molded composites.....	59
6. <i>Frącz W., Janowski G.</i> : The effect of gas type on chosen properties of molded pieces and process parameters of MuCell® injection molding on the base of numerical simulations.....	70
7. <i>Raszewska-Kaczor A., Stasiak A., Janczak K., Dąbrowska G., Kaczor D.</i> : A extrusion process of foaming pla intended for subsoil for microorganisms.....	88
8. <i>Skorokhoda V., Semenyuk N., Dziaman I., Skorokhoda T., Lukan G.</i> : The technological fundamentals of the Osteoplastic porous nanocomposites formation based on PVP copolymers.....	102
9. <i>Suberlyak O., Melnyk Y., Yatsulchak G., Baran N., Skorokhoda T.</i> : Particularities of the composite hydrogel membranes forming using thermoplastic polyamide.....	112
10. <i>Levytskyi V., Katruk D., Masyuk A.</i> : The morphology and properties of thermoplastic and thermoset composites with metal containing polymer-silicate fillers.....	127
11. <i>Grytsenko O., Suberlyak O., Moravskyi V., Pohmurska A., Bedlyovska K.</i> : Improved method of centrifugal formation of metal-filled hydrogel films with increased strength.....	139
